About Us

Rixton International FZE was established in 2020, and our main office is located in Sharjah Airport Freezone, UAE.

Welcome to our distinguished company, a leading general trading company specializing in providing premium building materials, hardware products, MEP products, as well as sanitary wares. Our company is committed to delivering exceptional quality products and services to our esteemed clients, catering to their every need with precision and attention to detail.

With a deep understanding of the importance of reliable and durable materials in construction projects, we source only from the most reputable manufacturers who use the highest quality materials and adhere to strict quality control standards. Our electrical and MEP products are designed to meet the needs of modern construction projects and comply with the latest regulations and safety standards.

Our comprehensive range of sanitary wares is carefully curated to provide our clients with exceptional functionality, durability, and aesthetic appeal. From modern and minimalistic to ornate and traditional, our selection of toilets, sinks, faucets, showers, and bathroom accessories offers something to suit every style and taste.

At our company, we pride ourselves on delivering exceptional customer service and support. Our team of experienced professionals is dedicated to working closely with our clients to understand their specific needs and provide tailored solutions to meet those needs. We believe in building strong, lasting relationships with our clients, based on trust, transparency, and mutual respect.

We are committed to setting a high standard in the general trading industry, providing our clients with the best possible experience when working with us. Our pricing is competitive, and we never compromise on quality or service. We believe in going above and beyond to exceed our clients' expectations and make every project a success.

Thank you for considering our company. We look forward to the opportunity to work with you and exceed your expectations.

OUR OBJECTIVE

Our objective is to establish ourselves as the go-to provider of premium building materials, hardware products, MEP products, and sanitary wares in the region, recognized for our commitment to quality, reliability, and customer satisfaction. We aim to expand our product portfolio and geographic reach, while maintaining our focus on exceptional customer service and support. We will achieve this by investing in the latest technologies and best practices, hiring and retaining top talent, fostering a culture of innovation and continuous improvement, and building strong partnerships with our suppliers and clients. Our goal is to create long-term value for our stakeholders, while contributing to the sustainable development of our communities and the environment.

OUR VISION

Our vision is to become the leading provider of premium building materials, hardware products, MEP products, and sanitary wares, renowned for our commitment to exceptional quality, reliability, and customer service. We aim to exceed our clients' expectations by offering innovative and sustainable solutions that meet their evolving needs, while fostering a culture of excellence, integrity, and collaboration within our team. We aspire to be recognized as the most trusted and respected partner in the general trading industry, delivering outstanding value to our clients, employees, and stakeholders

MISSION STATEMENT

Our mission is to provide our clients with premium building materials, hardware products, MEP products, and sanitary wares of exceptional quality, reliability, and value, delivered with unparalleled customer service and support. We strive to build lasting partnerships with our clients by understanding their unique needs and offering tailored solutions that meet or exceed their expectations. We are committed to sourcing from the most reputable manufacturers and suppliers, ensuring compliance with the latest regulations and safety standards, and promoting sustainability and environmental responsibility in our operations. Our goal is to set a new standard of excellence in the general trading industry, driven by innovation, integrity, and professionalism, and to continuously improve and expand our offerings to better serve our clients and community.

OUR ACHIEVEMENTS

Successfully establishing ourselves as a leading provider of premium building materials, hardware products, MEP products, and sanitary wares in the region within a short period of time.

- Building a strong reputation for exceptional quality, reliability, and customer service, earning the trust and loyalty of our clients.
- Developing long-term partnerships with top manufacturers and suppliers in the industry, enabling us to offer a diverse and high-quality product portfolio.
- Expanding our product offerings to meet the evolving needs of our clients, while maintaining our focus on quality and customer satisfaction.
- Investing in the latest technologies and best practices to optimize our operations and enhance the efficiency and effectiveness of our services.
- Hiring and retaining top talent, fostering a culture of innovation, professionalism, and teamwork, and providing ongoing training and development opportunities to our employees.
- Contributing to the sustainable development of our communities and the environment, by promoting eco-friendly and energy-efficient products and practices, and supporting local initiatives and charities.

quarterbath.com

A new brand was born with our 25 years' experience on the long way to quality. We are here with our new brand Quarter Bath, which we have created with our 25 years of experience as a result of cooperation with different designers and long R&D activities, with brand new vitrified ceramic and bathroom cabinet series that add quality, functionality and aesthetics to bathrooms.

TECE

www.tece.com

Floor level showers are a must in the modern bathroom. In order to realize this new freedom in the bathroom in the most optimal way for the customer, TECE offers high-quality solutions in lots of up-to-date designs from point drainage via the shower channel through to the shower profile. Maximum design freedom and maximum reliability go hand in hand at TECE. Not only do we guarantee that all of our drainage systems fully comply with standards, but thanks to the independent Seal System test we also ensure they are leak-proof when used with standard sealing products. Attractive, hygienic, reliable: This is drainage systems made by TECE.

www.valvex.com

Valvex Company has almost a century of tradition. Reaching 1922 when the first factory in Poland was founded. After the war, despite the dramatic changes, we have held once chosen course of innovation and development. In 1970 the factory was expanded by a new branch in Jordanow. While maintaining a high level of production, we boldly entered the new economy conditions. Apart from the bathroom mixers, we have introduced as the first company on the Polish market innovative ball valves of own design. In 1994 the factory in Jordanow was taken over by new American investors and since then, we are known as Valvex S.A. Our products have gained worldwide recognition. We have earned a position of one of the leading manufacturers of bathroom and kitchen mixers, as well as water, gas and heating fittings. We are proud of quality, reliability and original design.
