About Us

Rixton International FZE was established in 2020 and is based in Sharjah Airport Freezone, UAE.

We are a leading general trading company, specializing in the supply of premium building materials, electrical systems, automation solutions, HVAC equipment, marine-grade products, oil & gas field supplies, and industrial tools. Our focus is on delivering high-performance, durable, and regulation-compliant solutions to meet the exacting needs of our clients.

We source only from reputed manufacturers, ensuring that every product aligns with international standards of safety, efficiency, and reliability. Our diverse product portfolio supports critical sectors, from construction and infrastructure to marine, energy, and industrial operations.

At Rixton, we pride ourselves on our deep technical knowledge, responsive customer service, and solution-driven approach. We work closely with our clients to deliver tailored, cost-effective solutions with a focus on long-term partnerships built on trust and transparency.

We are committed to exceeding expectations and making every project a success.

OUR OBJECTIVE

Our objective is to position ourselves as the trusted go-to supplier of building materials, electrical products, automation systems, HVAC, marine, oil & gas, and industrial solutions in the region. Recognized for quality, dependability, and customer focus, we aim to grow our product portfolio and market reach.

We invest in cutting-edge technologies, retain top talent, and form lasting partnerships with global suppliers to deliver unmatched service. Our goal is to create long-term value for all stakeholders while contributing to the sustainable development of communities and the environment.

OUR VISION

Our vision is to be the most reliable and innovative provider of building materials, electrical systems, HVAC solutions, automation technology, marine and oil & gas products - delivering value, quality, and sustainability.

We aspire to be a trusted industry partner by offering outstanding service, fostering innovation, and maintaining a collaborative, ethical culture that ensures long-term success.

MISSION STATEMENT

Our mission is to deliver world-class building materials, electrical and automation products, HVAC systems, marine-grade solutions, and industrial supplies backed by quality, compliance, and unmatched customer service.

We work closely with clients to understand their operational needs, offering customized solutions that enhance efficiency and meet strict industry standards. We are committed to working with reputable suppliers and advancing sustainable, energy-efficient, and safety-driven business practices.

We aim to set new benchmarks in the trading industry through innovation, professionalism, and continuous improvement.

OUR ACHIEVEMENTS

Successfully established as a leading provider of premium building materials, electrical systems, automation solutions, HVAC products, marine-grade equipment, and industrial supplies across the region within a short span.

Built a solid reputation for quality, reliability, and customer service—earning the trust and loyalty of our valued clients.

Forged long-term partnerships with top-tier global manufacturers and suppliers, enabling us to offer a diverse, high-performance product portfolio.

Expanded our offerings to cater to the evolving needs of sectors such as construction, oil & gas, marine, and infrastructure, while maintaining a focus on quality and customer satisfaction.

Invested in technology and best practices to enhance operational efficiency, service quality, and delivery timelines.

Nurtured a culture of innovation and professionalism, attracting and retaining top talent, and providing continuous training and development opportunities for our team.

Committed to sustainability, promoting eco-friendly, energy-efficient products and supporting local initiatives and charitable programs for community development.

OUR COMMITMENT

At the heart of our operations lies an unwavering dedication to excellence, reliability, and value. We take pride in upholding the highest standards in every aspect of our business—from sourcing to delivery.

QUALITY ASSURANCE

Quality is the cornerstone of our operations. We rigorously select and source products only from trusted and reputable manufacturers, ensuring that every item we supply adheres to the highest standards of safety, durability, and performance. Our unwavering commitment to quality enables our clients to operate with confidence, maintain compliance, and ensure long-term reliability in every project.

COST EFFECTIVE SOLUTIONS

We are committed to delivering exceptional value by offering high-quality products at competitive prices. Through strong partnerships with leading manufacturers and suppliers, we optimize procurement costs and pass on the savings to our clients—ensuring affordability without ever compromising on quality.

MAJOR PRODUCT RANGE

ELECTRICAL AND POWER SYSTEMS

- Electrodes and Welding Equipment
- Motors and Generators
- Circuit Breakers, Relays, and Contactors
- LV Distribution Panels and Control Panels
- Compressors
- Pumps
- Gauges
- Switchgears (HV, Medium & Low Voltage Switch Gears)
- Power Sources and Power Supplies
- Transformers, Capacitors (AC & DC), and Power Transmission
- Fuses and Circuit Breakers
- IGBT Modules, IGBT Driver, Thyristors, Bridge Rectifiers
- Power Electronics Products

AUTOMATION AND CONTROL SYSTEMS

- Programmable Logic Controllers (PLCs)
- Distributed Control Systems (DCSs)
- Supervisory Control and Data Acquisition (SCADA) systems
- Industrial Ethernet
- Wireless HART
- Modbus TCP
- Sensors, Encoders, Transducers, Analyzers
- Process Instrumentation and Control
- Pressure, Level, Flow, and Temperature Transmitters
- Actuators and Dampers
- Variable Frequency Drives (VFDs)
- Servo Drives
- Soft Starters
- Motors
- Building & Home Automation Products
- Automation Spare Parts
- Motor & Drive Systems (VFD)
- Process and Instrumentation Products
- Hydraulic & Pneumatics (Electro pneumatic, Pneumatic Control, Pneumatic Accessories)
- Relays and Contactors
- Switches and Indicators

ELECTRICAL & MARINE LIGHTING PRODUCTS

- Marine Grade Cables
- Electrical Insulation Rubber Matting
- LED Tubes and Bulbs
- Marine Light Fittings
- Marine Signaling & Alarm Systems
- Explosion-Proof (Ex-Proof) Electrical Appliances
- Explosion-Proof (Ex-Proof) Light Fittings
- Marine Grade Floodlights
- Marine Grade Flashlights
- Marine Navigation Signal Lights
- Marine Pendant Lights

COMMUNICATION AND NAVIGATION SYSTEMS

- VHF/UHF Communication Equipment
- Navigation & Communication Equipment
- Industrial Data Communication and Wireless Communications
- Industrial Networking & Connectivity

CABLES AND CONNECTIVITY

- Marine Cables, Plugs, Sockets, and Junction Boxes
- Wires & Cables
- Cable Trays, Trunkings, Cable Lugs, Glands, Heat Shrinking, and Wire Accessories
- Connectors

LIGHTING AND SURVEILLANCE

- Ex Proof Lights (including Ex Proof Flexi Lights)
- Ex Proof CCTV
- Lighting Products (Lights, Drivers, Modules, Fittings, Tower Lights, Warning Lights)

HVAC, FANS, AND COOLING SYSTEMS

- Industrial and Ventilation Fans
(Cooling Fans, Compact Fans, Axial Fans, Centrifugal Fans, Blowers, Tangential Blowers)
- HVAC Products and Spare Parts
- Fans, Cooling, and Heating Systems

MEASUREMENT AND TESTING EQUIPMENT

- Analysis & Calibration Instruments
- Test & Measurement Devices
- Lab Instruments (pH, Conductivity, TDS Meters, Spectrophotometers, etc., for Water Analysis) Wide Range of Sensors, Encoders, Transducers, and Analyzers

INDUSTRIAL SUPPLIES AND ACCESSORIES

- Pipes and Fittings
- Valves & Flanges
- Valves, Solenoid Valves, Control Valves, Instrumentation Valve Fittings
- Hydraulic and Pneumatic Spare Parts

MARINE, AVIATION, AND OIL & GAS

- Marine Industrial Products
- Aviation Industrial Products and Equipment

OIL AND GAS INDUSTRIAL PRODUCTS

- Safety and Protective Equipment
- Fire and Safety Equipment
- Safety Wears and Respiratory Masks

TOOLS AND MISCELLANEOUS EQUIPMENT

- Power Tools, Hand Tools
- Elevator Spare Parts
- Galley Equipment
- Educational Project Products (Arduino Products)
- Embedded Analog Systems

OUR BRANDS

- 3M
- ABB
- ALLEN-BRADLEY
- ROCKWELL AUTOMATION
- AMPHENOL
- AUTOMATICS
- BALLUFF
- BANNER
- BAUMER
- BECKHOFF
- BERNSTEIN
- BUSSMANN
- CARLO GAVAZZI
- CASTELL
- CRAIG & DERRICOTT
- CROMPTON CONTROLS
- GEMS
- GUARDMASTER
- CONTRINEX
- DATALOGIC
- DANFOSS
- EATON
- EATON MOELLER
- EBM-PAPST
- EMERSON
- ENDRESS+HAUSER
- EPCOS
- ELOBAU
- FANUC
- FINDER
- FLUKE
- FOXTAM
- FUJI
- GE
- MERSEN
- MITSUBISHI ELECTRIC
- HAGER
- HOFFMANN
- HONEYWELL
- IDEM
- IDEC
- IFM
- IFM ELECTRONIC
- JOHNSON CONTROLS
- KRONE
- KIMO
- KLAUKE
- LEGRAND
- LEUZE
- LITTELFUSE
- LOVATO
- MIDLAND JAY
- SALZER
- SANTON
- MOELLER
- MOLEX
- MURR
- OMRON
- OSRAM
- OUSTER
- PANASONIC
- PEPPERL+FUCHS
- PILZ
- PIZZATO
- PHOENIX CONTACT
- RECHNER
- REXROTH
- ROLLON
- RITTAL
- ROSEMOUNT
- ZIEHL-ABEGG
- SCAME
- SCHMERSAL
- SCHNEIDER
- SATECH
- SENSOPART
- SICK
- SIEMENS
- SIBA
- TELE-CONTROL
- TELEMECANIQUE
- TE
- TEMPATRON
- TRUMETER
- TURCK
- WEIDMÜLLER
- WIKA
